DETAILED ACTION

Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance: Prior art discloses an optoelectronic sensing device for detecting first and second contrast marks arranged next to each other along first and second reading tracks moving in a transport direction comprising first and second substantially identical optical heads for placement above the reading tracks, each head including a light source and a detector for imaging the contrast marks on an associated light receiver which generated an output signal having information obtained from the contrast marks, and a connector joining the first and second optical heads so that the lenses are arranged asymmetrically in the respective optical heads and in immediate proximity to each other. Prior art does not disclose the optical heads is provided with smallest possible, adjustable spacing between the lenses.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
